

the cutting of meat pdf

Book Description: This book is intended to give students a basic understanding of the various types of meat and poultry used in the food service industry, and how the terminology used by retail, wholesale, and food service customers varies. Meat cutting for restaurants and hotels differs slightly from meat cutting for retail. Restaurants and hotels sometimes use names of cuts on menus that are ...

#12 Professional Meat Grinders - Edge Manufacturing

Cutting is the separation or opening of a physical object, into two or more portions, through the application of an acutely directed force.. Implements commonly used for cutting are the knife and saw, or in medicine and science the scalpel and microtome.However, any sufficiently sharp object is capable of cutting if it has a hardness sufficiently larger than the object being cut, and if it is ...

Cutting - Wikipedia

A cutting or chopping board is a durable board on which to place material for cutting.The kitchen cutting board is commonly used in preparing food; other types exist for cutting raw materials such as leather or plastic. Kitchen cutting boards are often made of wood or plastic and come in various widths and sizes. There are also cutting boards made of glass, steel, or marble, which are easier ...
