In Christianity, the empty tomb is the tomb of Jesus that was found to be empty by the women myrrhbearers who had come to his tomb to carry out their last devotions to Jesus' body by anointing his body with spices and by pouring oils over it. All four canonical gospels report the incident with some variations.. Jesus' body was laid out in the tomb after crucifixion and death.

Empty nest syndrome is a feeling of grief and loneliness parents may feel when their children leave home for the first time, such as to live on their own or to attend a college or university. It is not a clinical condition. Since young adults moving out from their families' house is generally a normal and healthy event, the symptoms of empty nest syndrome often go unrecognized.
