This is a list of cities and/or their metropolitan areas in the world by GDP. The methodology may differ between the studies and are widely based on projections and sometimes approximate estimations, notably for non-OECD cities (refer to sources for more information.)

### **List of cities by GDP - Wikipedia**

This is a list of first-level country subdivisions which have a nominal gross state product in excess of \$100 billion. Those subdivisions which are the largest in their respective countries are shown in bold.. Note: the use of nominal GDP and currency conversion in this list makes inter-area comparison difficult

This study offers a RAGA-PP-SFA model to measure green technology's innovation efficiency in the high-end manufacturing industry. The study's aim is to solve the shortcomings of traditional SFA methods that are unable to improve multi-output efficiency. The RAGA-PP-SFA model presented here is based on the multi-emission and multi-output characteristics of high-end manufacturing innovation ...
