The Influence of Sea Power Upon History, 1660-1783 by

This is one of those unknown enormously influential books in history. Mahan's thesis that for a nation to be great it had to be a sea power was immensely influential in the growth of the German Navy prior to World War 1 and the expansion of the US into overseas areas in the late 1800's and early 1900's.

The influence of sea power upon history, 1660-1783 : Mahan

struggles by sea bore to the history of the time ; and, for the period which he covers, he shows, as no other has done, the exact point* and the wonderful extent of the influence of the sea power of the various contending nations upon their ultimate triumph or failure, and the future of the mighty to which they belonged.
