x Major depressive disorder (MDD) is the most common mental illness and the leading cause of disability worldwide. Electroconvulsive therapy (ECT) is the most effective treatment for MDD and the gold-standard therapy for treatment-resistant depression (TRD), yet it remains underutilized due to factors such as limited availability, stigma, and concerns about cognitive side effects.

Wordle - Frequently Asked Questions

Sociocracy, also known as dynamic governance, is a system of governance which seeks to achieve solutions that create harmonious social environments as well as productive organizations and businesses. It is distinguished by the use of consent rather than majority voting in decision-making, and decision-making after discussion by people who know each other.

Sociocracy - Wikipedia

Bull-leaping is thought to have been a key ritual in the religion of the Minoan civilization in Bronze Age Crete. As in the case of other Mediterranean civilizations, the bull was the subject of veneration and worship. Representation of the Bull at the palace of Knossos is a widespread symbol in the art and decoration

of this archaeological site.. The assumption, widely debated by scholars, is ...
